Sullivan Construction, Inc. Joins Varco Pruden Buildings

December 19, 2012 – Sullivan Construction Inc. of Bedford, NH has affiliated with Memphis based Varco Pruden Buildings, one of the nation's largest manufacturer's of pre-engineered metal buildings, as an authorized Varco Pruden Builder.

Sullivan Construction Inc. has a 42-year history in providing Design\Build and Construction Management services to its client base. The firm is active throughout the Northeast in Corporate, Healthcare, Hospitality, Manufacturing, Automotive and Retail construction and renovation. Sullivan Construction also has a strong track-record in providing pre-engineered metal building services to a wide variety of industries. Varco Pruden Buildings represents the finest quality metal buildings and are proud to be part of the Sullivan Construction team that is so highly respected in the industry.

Varco Pruden Buildings is one of the nation's leading participants in the metal building systems industry. The company engineers and manufactures pre-engineered, non-residential, low-rise steel buildings for manufacturing, warehousing, schools, and commercial applications. Varco Pruden markets its products through a select network of over 1,000 authorized builders and operates seven manufacturing facilities in the United States and Mexico. The company has affiliations in Brazil, Chile, Egypt, India, Korea, and Spain. Varco Pruden Buildings is ISO 9000:2000 registered and AISC certified.
