

## Sullivan Construction's Bill Frisella Attained LEED AP Accreditation

**Bedford, NH** – Sullivan Construction Inc. is proud to announce that Project Manager, Bill Frisella has passed the LEED Accredited Professional Exam. The exam, which is administered by the Green Building Certification Institute, validates that the individual possesses the understanding of green building practices and principles and is familiar with LEED requirements, resources, and processes

LEED was created to promote environmentally responsible building practices which focus on improving the occupants well-being, the reduction of greenhouse gas emissions through a reduction of fossil fuel dependence, and a cost-benefit analysis for using established and innovative construction practices.

Frisella, a twenty-eight year construction veteran, has provided project and construction management services primarily in the medical and business sector. Most recently, Bill was the Project Manager for the Sullivan Construction Inc.'s corporate headquarters in Bedford, NH, for which the company is pursuing Platinum LEED Certification for Commercial Interior Design.

Sullivan Construction Inc. a 39 year old Design\Build and Construction Management company specializing in GREEN construction practices and is active throughout the Northeast in Healthcare, Corporate, Medical, Hospitality and Retail construction and renovation.
