

PET NET, Woburn, MA Renovation

Woburn, MA – PET NET Solutions, a SIEMENS Company of Knoxville, TN has awarded Sullivan Construction Inc. the contract for the renovation of their existing Nuclear Pharmacy facility located in Woburn, MA. The Sullivan team, under Project Manager Bill Frisella, will coordinate with John T. Brennan & Associates, architects, for the completion of the project.

The scope of the project includes selective demolition, excavation and construction of a new concrete vault to house the second Eclipse Cyclotron as well as mechanical and electrical renovations at their West Cummings Park, Woburn, MA location. The cyclotron is used in the manufacture of radio isotopes used in the medical diagnostic and Research & Development fields. These changes will double the facilities production of nuclear products for the patient scanning & diagnostics industry. With the extensive experience and innovative construction methods Sullivan Construction enabled the facility to remain in complete operation through out these extensive renovations.

Sullivan Construction Inc. a 39 year old Design/Build and Construction Management Company, is active throughout the Northeast in Retail, Healthcare, Medical, Corporate, and Hospitality construction and renovation. For more information regarding Sullivan Construction Inc. please contact Tom Sullivan at 603-647-1777 or email tsullivan@sullivanconstruction.com.
