

Mason Elementary School, Mason, NH

Mason, NH – Masonry Elementary School has contracted Sullivan Construction Inc. to renovate the existing school building in its entirety and build out an additional 12,000SF. We are working in conjunction with the Jordan Institute on this Mason School/California High Performance School (CHPS) project and were selected for the project as an experienced “Green” project contractor.

The scope of work for the 11,000 sq ft renovation includes structural, mechanical and electrical renovations as well as new finishes throughout and roof and floor structural improvements to the original 1700’s school house. In addition to the school renovations, Sullivan Construction, Inc. is constructing a new 12,000 sf addition to house new classrooms, kitchen, dining and support services. All construction practices and material will meet or exceed “Green Building Practices”.

Sullivan Construction Inc. a 39 year old Design/Build and Construction Management Company, specializing in construction practices that are Green/LEED focused. Sullivan Construction, Inc. is active throughout the Northeast in Retail, Healthcare, Medical, Corporate, and Hospitality construction and renovation. For more information regarding Sullivan Construction Inc. please contact Tom Sullivan at 603-647-1777 or email tsullivan@sullivanconstruction.com.
